From this well it is pump ed into a cypress tank that is above the mill, and is conduct ed wherever needed with pipes and hose. One store-house for the sugar two stories high covered with boards and then recovered with galvanized iron to make it air tight. A fire is kept in this building during damp weather to keep the sugar in good condition. The repair shop and tool room is also in this building. There are two long sheds built for working and storing building material. The cost of this plant, buildings and machinery, was about I will say that whatever has been built in the line of buildings and machinery has been well built. I would also state that the Manager was building a brick oven for baking bread for which there is a good de mand and it will be sold from the plantation store.
