PERSONAL SECURITY: PREPARING FOR THE UNEXPECTED IN AN ERA OF CRIME AND TERRORISM (PAPERBACK)

[DOWNLOAD PDF](#)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. BOOK DESCRIPTION How to Recognize the Threat and Avoid the Attack Here is a unique, common sense, and proven life-saving approach to recognizing and avoiding violent assaults by terrorists and other criminals. The issues faced by potential targets of opportunity as well as the concerns of those specifically targeted for individual attack are addressed. Procedures appropriate for use by government officials, business or vacation travelers, or those simply going about their daily lives are described. Relevant techniques to discover hostile schemes in the planning stages and tactics to then avoid or escape assaults are detailed. This is not another book on the latest in firearms technology, knife fighting moves, or hand-to-hand self defense techniques. It is about how to avoid the need to resort to those options. While most personal security training concentrates on countering an attack, the methods described here focus on recognizing and avoiding the attack before it takes place. The concepts presented are not complicated or dramatic. In the mayhem of a surprise violent assault, intricate counterattacks are unrealistic. The book describes how terrorists and other criminals plan and execute violent attacks. It then explains how to uncover and disrupt their plans before they become deadly encounters. While others emphasize situational awareness, but do not explain how to attain and maintain that awareness, this book provides straightforward techniques that can be practiced everyday. You will become keenly aware of what is going on around you. You will not only be more observant, you will know what it is you are looking for. You will recognize potential dangers and develop appropriate ways to avoid or evade them. The techniques examined here neutralize the terrorist and criminal s most critical...
