

The Forgotten People (Paperback)

By MS Vera S Reynolds

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.About The Story of The Forgotten People This is a story about two groups of people separated by time, culture and distance and pushed beyond the limits of human endurance by the people governing their respective countries. Yet, by rights they should have been enemies, but to this day they are linked together because of an unconditional act of love and personal sacrifice born out of understanding from one group of human beings to another in the face of adversity. Greater love hath no man! Because of their wonderful brave and valiant spirit both cultures have survived. Sadly however, vast numbers did not. There are not any records to show the existence of most of them. It is for these people that I will endeavour to write and hopefully do justice to this story in honour of their sacred memory.
