Reviews

The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).

The hope thus entertained has been realized to an extent far beyond what I could then anticipate. By kind acknowledgments that have reached me from many quarters, both here and in America, as well as by the issue of successive editions of these writings, I am warranted in the belief that the seed thus sown has borne fruit in due season and in many fields. In the preparation of these volumes for a fourth edition they have been once more subjected to careful revision; and...
