Morgan James Publishing, United States, 2014. Paperback. Book Condition: New. 214 x 138 mm. Language: English . Brand New Book. No Bull Information - NBI - will help you to flourish in our information-dense world. You begin by sharpening your information sensors. Learn how to spot, avoid, and help to correct information absurdities. Meet Arnbi - your guide on the road to better information. Arnbi has much advice to offer. Usually these are called ARMBisms such as: Too bad, but simple is a square peg that seldom fits into the round hole that is our modern world. Facts are necessary but they must be put into context (PUTFiC). Lies, damn lies, and statistics---cute, but it s not that simple. Winning World War II is a major cause of the health care financing crisis of 2013. In a matter of hours, you will be able to use principles explained in NBI, take better control of the bull-laden world around you, and take action to improve everything from supermarket pricing to politicians cliches. You can begin on your way to check out in a supermarket.
