

Hummingbirds: Fact and Folklore from the Americas

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

HUMMINGBIRDS: FACT AND FOLKLORE FROM THE AMERICAS

[DOWNLOAD PDF](#)

Charlesbridge Publishing,U.S., United States, 2011. Paperback. Book Condition: New. Adrienne Yorinks (illustrator). 250 x 190 mm. Language: English . Brand New Book. Hummingbirds are fascinating little creatures that have captured the imagination of people for thousands of years. Since they are only found in the Americas, the myths and legends about this tiny bird originated from the peoples of North and South America. These native cultures wrote stories to offer explanations for the behavior and physical characteristics of this graceful species: Why does the hummingbird drink nectar? What accounts for its amazing flying abilities? Why is the hummingbird attracted to the color red? Jeannette Larson and Adrienne Yorinks have compiled facts and folklore about these intriguing fliers that will answer these questions and many more. Readers will also get a glimpse into the different cultures that have been transfixed for centuries by this bird, as well as learn many interesting scientific facts discovered by modern-day ornithologists. Adrienne s bold and unique mixed-media quilts illustrate the hummingbird in nature and the mystery of these birds in ancient folklore. Substantial back matter includes an index, a glossary of terms, suggested further reading and websites, a bibliography, sources, resources, and a list of hummingbird sanctuaries.
