Reviews

Excellent electronic book and helpful one. I could comprehend everything out of this published e book. I discovered this pdf from my i and dad suggested this book to discover.
 (Dr. Daphnee Homenick II)

METALWORKER S DATA BOOK (PAPERBACK)

[DOWNLOAD](#)

Special Interest Model Books, United Kingdom, 2009. Paperback. Condition: New. UK ed.. Language: English . Brand New Book. This book contains a comprehensive range of data, which is required in the metalworking workshop and by those designing a wide range of engineered items, tools and machines. It provides, in a single concise volume, data that is only otherwise available by reference to many different sources or more expensive publications. For those involved in restoration work, the book also includes details of items not now used, and for which data is not easy to locate. Harold Hall was, for a number of years, the editor of Model Engineers Workshop magazine and is the author of four previous books in this indispensable series.
