Health Conservation at Steel Mills (Classic Reprint) (Paperback)

By J a Watkins

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Health Conservation at Steel Mills Another important feature is that of blank forms on which to record the data obtained as the examination proceeds. A form should omit incomplete or unimportant items, and provide for all essential data in the logical sequence of an examination, so that clerical labor will be minimized in recording the findings and in making subsequent reference. Information relative to the age, height, weight, and similar data may be taken by some responsible person other than the examining physician. The records of the examinations should, of course, be filed for future reference. If doubt arises as to the physical condition of any men examined - as it often may - the cards of these individuals should be marked to show the desirability of a reexamination in order to determine the existence of any abnormal condition, so that early measures may be taken for its correction.
