Reviews

These sorts of ebook is the best publication accessible. It is amongst the most amazing ebook i actually have read. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Jace Gusikowski IV)

IN POSITION: A CITIZEN S ACCOUNT OF THE BATTLE OF TEXAS AND THE U.S. (PAPERBACK)

AUTHORHOUSE, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Concerned about your family and America? Presented as a fast-paced, personal account of a family living through modern warfare set in idyllic Central Texas, this fact-filled fiction is insightfully descriptive in regards to the principles of preparedness, survivalism, evasion and escape, warfare theory, the news and socio-political processes of the day, as well as the political solutions we need to enact NOW before this future conflict actually erupts. It is your constitutional and unalienable right to defend life, liberty and the pursuit of happiness - learn how. After the problematic elections of 2008, life in the U.S. changed for the worse, as the control grid that was incrementally installed over the last decades finally was completely in place. This journal from the future tells of the strife created by the Globalist ideal against free peoples, the survival evasion and escape from violence ridden urban centers, and the defense of freedom by the new U.S. Citizen Defense Forces. You will learn that all this trauma could have been avoided if you recognize propaganda, avoid being swayed by the Hegelian Dialectic of problem, reaction, solution and to stand up NOW in defense of truth and freedom. Preparedness was the key to ride out the storm as America was being ruined by design by enemies foreign and domestic. This book is a primer, general in regards to the worldwide sociopolitical phenomena we face, as well as detailed and specific in regards to important information you need to know. It was my hope in writing this book, that the reader would feel a sense of urgency and become more conversant about what hides beneath the surface, as well as to continue this research on their own. more...
