# IN VITRO REGENERATION AND MUTAGENESIS IN GERBERA

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Application of gamma ray for induction of variation in Gerbera jamesonii Bolus | Gerbera has gained popularity and great demand in the floral industry as cut flower due to its beauty, color, long vase life. Its propagation can be increased by applying the modern biotechnological methods such as tissue culture for rapid and large scale propagation. For a modern and industrialized horticulture there is always a demand and necessity for new varieties...
