Excerpt: .And some such substance as the decomposing Caseine in sour milk, which is capable of effecting this change out of the body, would be most likely to avail us, if we could contrive to introduce it into the blood. In an Essay on the Nature and Treatment of Diabetes, read before the Medical Society of London, I ventured to recommend that fresh milk should be freely consumed as an article of diet in this disorder--as it does not seem to be proved that its milk-sugar is liable to conversion into Glucose, or excretion in the urine--and, at the same time, that milk just turned sour should be administered in smaller quantities as a therapeutic agent. This recommendation has since been adopted with much success in several cases. Yeast has been given as a ferment likely to forward the development of grape-sugar. But there are...
