This report reviews the Environmental Protection Agency's (EPA) fiscal year 2000 performance report and fiscal year 2002 performance plan required by the Government Performance and Results Act of 1993 (GPRA) to assess the agency's progress in achieving selected key outcomes that are important to EPA's mission. EPA reported reasonable progress in achieving its key outcomes. Specifically, EPA reported (1) attaining air quality standards in more areas of the country and reducing emissions of toxic pollutants, (2) making strides in achieving its goal of safe and clean drinking water, (3) making progress in cleaning up hazardous waste sites, and (4) making progress in ensuring that food is free from unsafe pesticide residues. Although EPA made several improvements to its fiscal year 2000 performance report, it still falls short in providing information on crosscutting goals and measures. EPA's 2002 performance plan goals and performance measures address some, but not all, major management challenges. This item ships from La Vergne, TN. Paperback.

Here is the finest ebook i have got read until now. It really is simplistic but excitement within the 50 percent in the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.
