Brand New Book ***** Print on Demand *****.What if the alphabet wasn't just a bunch of letters-but actual characters with thoughts, feelings, and lives? Incredible Adventures of the Alphabet Letters introduces you to a side of A and Z you've never seen before. A delightful collection of eight illustrated stories, children will learn the importance of staying true to themselves with The Alligator, Who Didn't Like the Letter A and the power of friendship with gems like How the Letter E Almost Lost His Friend and How the Letters Q and U Became Friends. Meanwhile, the always-curious letter Y wants to share all the great things she's discovered with the help of a wise wizard, and the letter X needs encouragement to overcome her shyness. Along the exciting journey through the alphabet, woven between the fun artwork and charming characters, the author asks kids to reflect on each story-strengthening their imagination, while also enhancing their education. Find out what C thinks about getting to make different sounds, how W feels about sometimes being silent, and so much more in this fascinating look into the magical world of the alphabet.
