Offender Profiling: Theory, Research and Practice (Paperback)

By -

John Wiley and Sons Ltd, United Kingdom, 1997. Paperback. Condition: New. Language: English . Brand New Book. Most incidents of violent crime occur between people who know each other, but in other cases (fortunately much less frequent) there are no obvious ties between the victim and the criminal, and these cases cause a great deal of social fear and uncertainty. They also result in large-scale, costly investigations and, increasingly, police are collaborating with other professionals in a process of offender profiling which might help their investigation. This book is a substantial, unique and critical account of the scope and practice of offender profiling, and its limitations. Professionals worldwide, from psychiatry, psychology, criminology and policing, have contributed accounts of their experience and knowledge across a range of approaches to offender profiling. Some use a clinical approach, based on the application of established theories of personality and psychopathy. Others argue for the effectiveness of the objective analysis of offence records to predict future offending. Some of the police contributions provide a frank description of their methods, others address the difficult issues relating to the use of offender profiling. This is a controversial subject, full of potent myth, and the object of this...

Reviews

This ebook is really gripping and fascinating. it had been writtern extremely perfectly and useful. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Leopold Hills**

Totally among the finest publication I actually have at any time study. I am quite late in start reading this one, but better then never. I found out this publication from my dad and i suggested this pdf to discover.
