THE ANATOMY OF FEAR (PAPERBACK)

Norlightspress.com, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. During in-depth conversations with 21 horror and science-fiction film writers and directors, filmmakers Chris and Kathleen Vander Kaay find answers to this question, along with the inside story on the inspiration, creation, and behind-the-scenes experiences of box office blockbusters. Horror movies have a shady reputation because of their flaws and eccentricities. Horror wants us to laugh when we re uncomfortable, keep looking when we want to turn away, and live with a total lack of happy endings. Perhaps that s why we respect these films as a subculture. And because no one expects horror films to toe the line, they get to flirt with madness and imperfection while making the most interesting, controversial observations. That s why this book exists. Part of the subject matter in horror films is blunt and graphic and doesn t need further illumination. Other parts are brave, transgressive, explorative, and restless. While exploring these themes with 21 artists, the Vander Kaays uncover a surprisingly honest appraisal of the human psyche.
