

## Gestion des risques climatiques et sécurité alimentaire Burkina Faso

By Yigo, Guiadoma Ludovic Prosper Arsène

Condition: New. Publisher/Verlag: Éditions universitaires européennes | La présente étude est une contribution originale à l'émergence d'une gouvernance agricole en réponse aux changements climatiques au Burkina Faso. De manière spécifique, elle propose un cadre d'intervention flexible pour la planification des réponses aux risques liés aux changements climatiques pour la sécurité alimentaire. Ce cadre repose sur le Modèle " ClimProspect " de l'Institut d'Application et de Vulgarisation en Sciences (IAVS) et comprend trois (3) piliers qui sont : la définition d'un leadership institutionnel pour le pilotage du processus d'accroissement de la résilience du secteur de la sécurité alimentaire aux risques climatiques actuels et futurs ; un processus multi phases de gestion des risques climatiques actuels et futurs à travers les processus de développement rural (agriculture et sécurité alimentaire) ; une enveloppe d'indicateurs pour mesurer l'évolution de la résilience ou de la vulnérabilité. Il est donc un outil d'aide à la décision en phase avec son contexte, ce qui facilitera sans doute son adoption par les acteurs concernés. | Format: Paperback | Language/Sprache: fre | 100 pp.
