Reviews

It is one of the best publications. It is really very intriguing through reading through period of time. You will not feel monotony at any time of your own time (that's what catalogs are for relating to in the event you request me).

FABER FABER, United Kingdom, 2017. Paperback. Condition: New. Main. Language: English . Brand New Book. Think Woodstock and the mind turns to the seminal 1969 festival. But Woodstock itself was over sixty miles away, and already a key location in the rock landscape as a community of brilliant, dysfunctional musicians, opportunistic hippie capitalists, scheming dealers, and freaks dazed and confused by the search for spiritual truth. Central to this was the power and presence of Albert Grossman - manager for Dylan, Janis Joplin, Richie Havens, The Band and Todd Rundgren - who turned Woodstock into his own personal fiefdom. Drawing on first-hand interviews with all the remaining key players, Small Town Talk is a classic study of a vital music scene in a revolutionary time and place.
