

Black People White People (Paperback)

By Rasheed L Muhammad

Createspace Independent Publishing Platform, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The subject of race is a thorn in the side of many Americans, mainly between what we call black and white people. One ever hardly sees a public debate concerning race issues when it concerns Korean Americans, Mexican Americans, Native Americans, Japanese Americans, (in other words, Brown, Red and Yellow people) outraged over how white people mistreat them too. Of course, these other races have suffered discrimination under white America s America. But no other two people butt heads about race more then black people and white people. This book searches out the origin of what power prepared white or Caucasian civilization as vicegerents of world affairs, how they got in and out of Europe 6,000 years ago, the genetic differences between blacks and whites and a final battle between God the Devil, truth and untruth.
