Consumptionomics: Asia s role in reshaping capitalism and saving the planet (Paperback)

By Chandran Nair

Infinite Ideas Limited, United Kingdom, 2011. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. Consumption has been for many years the fuel that drives the engine of global capitalism. The recent financial crisis has seen the West s leading economists and policy makers urging Asia to make a conscious effort to consume more and thereby help save the global economy. This is a view shaped by conventional wisdom which conveniently refuses to acknowledge both the undesirable effects of consumption and the limits to growth. In Consumptionomics one of Asia s leading sources of new ideas, Chandran Nair, tackles head on what is certain to prove the most controversial political challenge of the next two decades. Consumptionomics argues that the blinkered conventional view needs to be replaced by a more rational approach to such challenges. If Asians were to achieve consumption levels taken for granted in the West the results would be environmentally catastrophic across the globe. Needless to say, it would also have significant geopolitical impacts as nations scramble for diminishing resources. Asian governments and leaders find themselves with a dilemma. The solutions will entail making sensitive political choices and adopting certain forms of government to...

Reviews

Thorough manual for ebook fans. it had been writtern quite properly and valuable. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Dr. Catherine Wehner**

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.
