Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, after the way I believe.

POPE FRANCIS IN HIS OWN WORDS

HarperCollins Publishers. Hardback. Book Condition: new. BRAND NEW, Pope Francis in His Own Words, Julie Schwieter Collazo, Lisa Rogak, A wide-ranging collection of quotes from the new Pope's writings and speeches, revealing his opinions on the moral issues surrounding the Catholic Church today. Pope Francis won the hearts of Catholics all over the world when he was elected in March 2013, with his natural humility and commitment to putting those who are poor at the centre of his mission. Jorge Mario Bergoglio - the 265th successor of St Peter and the first non-European Pope in over 1200 years - has encouraged people to live simpler lives and shown the world a more compassionate face of Catholicism, bringing fresh hope for a renewal in the Church. In his own life, he has long demonstrated both his belief in simplicity and his concern for those who are poor, refusing to live in palatial accommodation during his tenure as a cardinal in Buenos Aires, riding the bus to work and even persuading the diocese to allow a group of poor missionaries to live in the official residence. 'Pope Francis in His Own Words' has been compiled to give Catholics and non-Catholics alike an insight into the thoughts of the new pontiff.
