John Wiley Sons Inc, United States, 2003. Paperback. Condition: New. 1. Auflage. Language: English . Brand New Book. When you hear the word database, do your eyes glaze over? Does the mention of fields and tables make your blood pressure skyrocket? Does the idea of entering and using hyperlinks make you hyperventilate? Whether you re running a business or a household .whether you need to be able to quickly access customer information, your recipe for chicken cacciatore, or the Little League team s records, Access 2003 holds the key. This friendly guide unlocks the secrets of using Access 2003 to store, manage, organize, reorganize, and use data! It gives you: the basics of the whole database concept; suggestions for solving problems with Access; what you need to know to design, build, use, and change Access tables; info on the ten most common types of fields; the scoop on using queries to unearth the answers hiding somewhere in your data; and guidelines for using the Access report system to make short work of long, previously time-consuming, reports.In the relaxed, comfortable For Dummies style, this book has easy-to-follow, step-by-step instructions and lots of screen shots. If you want to create and manage a database for a huge auction house, this guide will get you going .going .gone. If you want to create a database for your music collection, it gives you the score then shows you how to use formatting and add graphics to jazz it up. You ll get the low-down on extracting all kinds of information from databases and putting that information to practical use.You ll discover how to: Use Label Wizard to create mailing labels, file labels, shipping labels, or name tags; Use Chart Wizard to create line charts, bar, cone, and column charts, pie and donut charts, area...
