Routledge. Hardcover. Condition: New. 384 pages. Dimensions: 9.3in. x 6.4in. x 1.1in. A corporate campaign is an organized assault on the reputation of a company that has offended some interest group. Although corporate campaigns often involve political, economic, and legal tactics, they are centered around the media, where protagonists attempt to redefine the image--and undermine the reputation--of the target company. It is a strategy most frequently employed by unions but is also employed by special interests, such as environmental or human rights groups. Sometimes it is even employed by one corporation against another. It is a rapidly growing phenomenon that is still unknown to the general public, to most academics and journalists, and is rarely understood by the corporations that find themselves on the firing line. The book is based on ample sources and methods, among them an extensive review and analysis of media coverage, news releases, previous scholarship, union publications, campaign materials, interviews and conversations with individuals who have experienced corporate campaigns, public presentations by labor leaders and others, correspondence, Internet postings, case law summaries, documents, videotapes, and other materials. Through original data and interpretation, this book adds context and integration to these materials thus giving them new meaning. Key features of this outstanding new book include: A thorough and clear explanation of what a corporate campaign is and how it differs from other more mundane public relations campaigns. A detailed examination of strategies and tactics that includes their historical development. Some of the...
