Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from An American View of the Eastern Question When, during one of the late debates in Parliament, the Earl of Aberdeen described the condition of England, by saying that the nation was not at war, but was drifting to war, his words might have been applied, with a wider and truer significance to the state of all Europe for the last forty years. And the history of this time, when it comes to be written, will shew that never has European diplomacy been more wisely or actively employed, than during this very period, in postponing the dreaded consummation. But it has proved beyond the power of human wisdom to control the issues of human passion; and after a peace of half-a-century, partially broken, it is true, by revolutionary struggles, a whole continent is again in arms.
