LAP Lambert Academic Publishing Jan 2016, 2016. Taschenbuch. Book Condition: Neu. 220x150x34 mm. This item is printed on demand - Print on Demand Neuware - The Handbook of theory and practice of social and management sciences is an assemblage of lectures and tutorial materials in the streams of courses I took during my four years studies at the University, and by extension constitutes by-products in the acquisition of a combined honours (cum laude) in my bachelor of Art degree in Political Science and Business Administration at the Cuttington University, Republic of Liberia (1973-1977). In other words, the Handbook contains a broad spectrum of subjects in Accounting, Management, Social Sciences, Humanities and the twin disciplines of Political Science and Business Administration. Essentially, thorough insights in related subjects, such as, Sociology, International Relations, African Foreign Relations and Diplomacy, Administrative Law, Management, Managerial Accounting, Political Science, Economics, Public Administration, etc. have been illuminated in the text. 560 pp. Englisch.
