Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, after the way I believe.

FOOD CRISIS IN NEPAL

Adroit Publishers, New Delhi, 1999. Hardcover. Condition: New. 220pp. This is a study on food insecurity at different geographical locations in the middle hills of Nepal. The study identifies the determinants of vulnerability to food crisis and also describes the coping mechanisms adopted by vulnerable households to secure their livelihoods. The study reveals that it is not mainly the access to resources but the household structure that is important in determining the vulnerability of households.
