*Comprehensive guide! Its this type of very good read through. It is actually written in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Chess Base Nov 2013, 2013. CD-ROM. Condition: Neu. Neuware - The information explosion has led to a massive increase in opening theory. But how often do you win a game with a prepared line What gives strong players the edge over their opponents is not some blockbuster novelty, but a deep understanding of the pawn structures to which their openings lead - an understanding that lasts into the middlegame and endgame, and is transferable between different openings with similar structures. In this DVD, Sam Collins examines the Isolated Queen's Pawn (IQP) and associated structures. Using games almost exclusively from grandmaster praxis in the last two years, Collins explains all of the major ideas for playing with and against the IQP, including the d5-advance, kingside attacks (including the rook lift, h4-h5 and Bxh6 sacrifices), central sacrifices (including the Rxe6 exchange sacrifice in various positions from the Petroff), queenside play and simplification, and gives some guidance on how to assess transpositions into related structures. The universality of the IQP is illustrated by the games on this DVD, played in openings as diverse as the Nimzo Indian, Queen's Gambit Accepted, Semi-Tarrasch, Caro-Kann, Slav, c3-Sicilian, French Tarrasch, Bogo Indian and Petroff. A final section of questions and answers (in Chessbase's new interactive format) tests and reinforces the reader's knowledge of the IQP, one of the most important structures in modern chess. . Video running time: 4 h 35 min (English) . With interactive training including video feedback . Including CB 12 Reader . Exclusive database with 2,500 games Sam Collins is an International Master from Ireland with two GM norms. He has represented his country at six Olympiads, winning an individual gold medal at Bled in 2002. He is the author of several bestselling opening books. As a coach, he has lectured national junior squads and...
