THE SOUL STONE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. The Soul Stone is the story of a confronting and sometimes brutal journey of discovery into Aboriginal mysticism; a journey that for one man means risking his very existence. This is a story in which modern dogma is tested by an awakening to man s innate connection with the land. It becomes a challenging reconnection with early human knowledge and power. Reviews: A brave and intriguing work The Soul Stone, like the Aboriginal culture it investigates, is both timeless and universal. A visionary book that brings a current, global perspective to one of the smallest and most ancient cultures. And it makes riveting reading. The West Australian. Peopled by intensely credible characters; but it s also unashamedly a story about real and current issues. Collis s achievement has been to draw the various strands together into a seamless and quite unputdownable read. Highly recommended. The Sunday Age, Melbourne. The Soul Stone is an unusual fusion of lively narrative with a spiritual theme . the story of Simon s progress from altar boy to catholic priest at a mission station, and finally to initiation into Aboriginal society. An absorbing, imaginative achievement. The Australian. Brad Collis has all the qualities of a good story teller. Morris West.
