Astronomy: Cool Women in Space (Paperback)

By Anita Yasuda

Nomad Press, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. Head outside and look up. What do you see? At night you might see stars, the moon, the Milky Way, and planets! During the day all these things will still be there, but they'll be hidden by the bright light of the sun. Astronomy is the study of celestial objects and what's beyond the nebulous boundaries of space. In *Astronomy: Cool Women in Space*, young readers will be inspired by stories of women who have made great strides in a field that takes courage, persistence, and creativity to pursue. Most people have heard of Carl Sagan and Stephen Hawking, but have you heard of Maria Mitchell or Caroline Herschel? For many decades, female astronomers have been defining the field by making discoveries that changed the human relationship with space. *Astronomy: Cool Women in Space* will introduce young readers to three women who are bringing the science of astronomy forward and inspiring the next generation of astronomers. The primary sources, essential questions, and knowledge connections within *Astronomy: Cool Women in Space* encourage both boys and girls to explore our celestial world while being inspired to...
