

The Millionaire Manual: An Owners Manual for Your Financial Life (Hardback)

Filesize: 4.06 MB

Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

AUTHORHOUSE, United States, 2011. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book presents a refreshingly new method for coaching the individual on accumulating one million dollars or more in the public markets. This uniqueness takes several forms. The first of these is the structure of the book itself. It is divided into four components. These components are Tools, Parts, Assembly and Warranty. In other words, it is set up as an Owners Manual for the individual. By analogy to other Owners Manuals which we have all seen and attempted to read, the Tools are generally things that are not included with a new item that we purchase and are required to assemble. We must either already have them or purchase them before we can begin the assembly process. The Tools section of this book is completely unlike other investment books. A reader can gain more from reading this section of the book than from most full texts on the subject. The Parts and Assembly sections of the book are in reality the how to of making money in the market. Although admittedly of little value without the first section, these areas combine academic theories with practical experience. Art and science are merged with real life examples of how you can make your money work for you. As a reader goes through these pages, his or her mind is transformed into new modes of thought. It is as if a light comes on and it all begins to make sense. The delivery is powerful and enlightening. The book concludes with a warranty section. It is of little value to accumulate assets if you are going to lose them. Insights are given on protecting not only your investment portfolio but other assets as well...
