

Discerning the Signs of the Times: The Vision of Elisabeth Behr-Sigel (Hardback)

By Elisabeth Behr-Sigel

St Vladimir's Seminary Press, U.S., United States, 2001. Hardback. Condition: New. Language: English. Brand New Book. This compilation of articles offers insight into the life and thought of a French Orthodox woman who has been dubbed the grandmother of western Orthodoxy. Glimpses of her personal life are augmented by her zeal and love for the Orthodox Church. The theme of her life, and of her articles included here, centers upon the Christian soul confronting modernity. Her message, whether writing about ecumenism, the self-emptying path of Christ, or the place of women in the Church, is one of sobornost, the communion of souls. She envisions the winds of Pentecost blowing across the ancient Church as it discerns the will of God in these times.

If you need to adding benefit, a must buy book. This really is for all who states that there had not been a well worth reading. It is extremely difficult to leave it before concluding, once you begin to read the book.
