

The Junior Doctor's Guide to Cardiology (Paperback)

Filesize: 5.47 MB

Reviews

This book will not be simple to get going on reading but extremely exciting to read through. Yes, it can be play, still an interesting and amazing literature. I am very easily could possibly get a delight of reading a written book.
(Rene Olson)

THE JUNIOR DOCTOR S GUIDE TO CARDIOLOGY (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2011. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. The transition between medical student and junior doctor is both stressful and demanding. The learning curve is extremely steep, and even more so in the world of specialist medicine - Senior doctors expect a lot of their juniors and, as a result, people often feel out of their depth and may feel too embarrassed to tell their seniors when they don't understand something - - from the Preface Boost your confidence. This is a user-friendly manual for the junior doctor. Concise and easy to read, it is invaluable for day-to-day clinical cardiology while out on the wards. It provides a logical, stepwise guide through the more common problems encountered in cardiology and assists with clinical practice and decision making. Complications, prognoses and comprehensive explanations of investigations aid in understanding why certain tests are requested and how to interpret their results. The Junior Doctor s Guide to Cardiology helps you to make informed, confident decisions and gives you the assurance to optimise your time in cardiology. When I first entered medical school, a very wise senior tutor said to me, Collins, learn the basics and you won't go far wrong! The problem is in defining the basics and how to identify them. I am sure this book will help you and hopefully entice you into the wonderful and expanding world of cardiology - good luck and don't forget learn the basics! From the foreword by Peter Collins.
