Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The purpose of this course is to provide methodology and practical applications for the clarification of problems through the use of hypnotherapy. It deals exclusively with hypnotherapy applications and does not deal with induction or preliminary technique training. These methods are designed for the accomplished hypnotist to utilize for therapeutic applications. The course also deals with habit control as well as intense behavioral modification procedures, self-improvement procedures and long-term therapy goals. The course is presented in an outline form for easy reference and as a teaching aid. clear instructions as to these intensive procedures are given for a more in-depth understanding on the part of the therapist.
