RAISING MUSICAL KIDS: A GUIDE FOR PARENTS

DOWNLOAD

Oxford University Press Inc, United States, 2014. Paperback. Book Condition: New. 2nd Revised edition. 234 x 147 mm. Language: English . Brand New Book. Does music make kids smarter? At what age should a child begin music lessons? Where should you purchase an instrument? What should parents expect from a child s teachers and lessons? How can you get kids to practice? Raising Musical Kids answers these and many other questions as it guides parents through everything from assembling a listening library for kids, to matching a child s personality with an instrument s personality, to finding musical resources in your community. Knowing that children can-and often do-get most of their music education from their school, parent and educator Robert Cutietta explores the features and benefits of elementary and secondary school programs, and shows how parents can work with the schools to provide the best possible music program. Throughout the book, Cutietta emphasizes the joy of participating in music for its own sake. The first edition of Raising Musical Kids delighted and informed parents to equal degrees, and this fully-revised second edition is a book that parents everywhere will treasure as a complete road map for developing their child s musical abilities.
