System Outlook Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.System Outlook is a new original world view of Logic, Unity and Love based on a system-informational approach and the neutral notions of energy, systems, information and mathematical logic. System Outlook harmoniously unites scientific and religious world views. It offers precise, non-controversial ideas on what is God, what is Truth, what is universe, what is the meaning of life, what is soul, what is love and so on. System Outlook views out world as a System Matrix that is ruled by Absolute Logic or the Law of Unity, which distributes energy between systems and which, at the level of feelings, we perceive as love. System Outlook helps reconnect with God through a deep understanding of how the Law of Unity operates and how Logic defines our feelings and personal reality. This new, cutting edge concept is for those who like to think, who question the meaning of our existence and thirst for understanding of the essence of things. The reading of this book might require contemplation and meditation. This book contains two parts. The first part is a general introduction to System Outlook. The second part is a detailed description of the concept. It completely differs from the first part. It has intense logical and informational saturation, as well as, a specific fragmented structure that can be reflected by a metaphor of puzzles. Every thought, idea, metaphor, parable, definition, or logical theorem has its own number and is similar to small piece of a big puzzle. Even though at first glance they may not seem related to each other, when combined into one totality, these blocks of information reveal an incredibly unified picture of the world, where it is clear that...
