A METHOD FOR DEVELOPMENT OF MEDICAL DATA MINING

Condition: New. Publisher/Verlag: AV Akademikerverlag | Design and prototypical implementation of an integrated database system for the analysis of medical parameters | Rapid development of technology and data analysis techniques, such as data mining and machine learning, provide opportunities in the field of telemedicine. One of the difficulties of application of data mining techniques in telemedicine information systems is impossibility to select a single data mining algorithm for every problem and for every data set. In this thesis, a method...
