THE GODS OF VENUS X (PAPERBACK)

Ray Bedard, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The first reason for secrecy is that we do not want to alarm anyone about the possibility that large objects from space could crash into the earth and cause catastrophic damage and loss of lives. A crew of seven would be chosen to man the space station to be called Venus X. These would ultimately be comprised of four men and three women. The Gods of Venus X, Raymond Bedard s first ficticious novel; is the story of the first manned space station. He speaks to the science of the facility in great detail; interweaving the dynamics of the relationships and personalities of the seven human beings who are the chosen elite in each of their respective fields. These would include Nuclear Energy and Mechanical Systems; Electronic Systems, Statistics, Computer Systems, Senior Programming, Physical Wellness, Agricultural Systems, and a Dietician, Chief Medical Officer and Atmospheric Controller, a Chief Pilot and Flight controller, Mission commander and Chief Navigator as well as a first alternate. Bedard explores every nuance of each character with insight and compassion. What could the second reason for secrecy be?.
