

Green Business Guide: A One Stop Resource for Businesses of All Shapes and Sizes to Implement Ecofriendly Policies, Programs, and Practices

By Glenn Bachman

Career Press, United States, 2009. Paperback. Book Condition: New. Green ed.. 226 x 150 mm. Language: English . Brand New Book. Climate change. Energy security. Water shortages. These perils affect our world and ??increasingly ??the ability of businesses to operate profitably. In the face of soaring energy prices and decreasing inventories of natural resources, larger businesses are taking steps to control their costs. In addition, these businesses are implementing environmentally friendly practices in order to manage risks, appeal to a growing base of consumers who make planet-friendly purchasing decisions, meet green procurement standards of business customers, enhance their image and attract value-driven talent. Combined these components create a competitive advantage. The benefits of environmentally friendly practices are also available to smaller organizations. The Green Business Guide is a comprehensive resource designed to help organizations, no matter their size or mission, incorporate green practices into their operations.

Reviews

I actually started looking over this publication. It really is rally interesting throgh studying period. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Dana Hintz

Good electronic book and valuable one. It really is basic but unexpected situations in the 50 percent in the pdf. You wont really feel monotony at at any moment of your time (that's what catalogues are for concerning when you ask me).
