Each step in the Dissection Instructions has been carefully reworded to clarify and improve the dissection experience. More than 30 new summary tables provide an excellent review resource and make the dissection steps more task-oriented and concise. Dissection Follow-up sections now contain a numbered list of tasks to perform following the dissection. Revised abdominal wall and head dissection instructions offer effective new approaches to these complex anatomical regions. More than 100 modified or brand-new illustrations throughout.
