Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, after the way I believe.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 184 Publisher: Southeast University Pub. Date :2009-02-01 version 1. The first part of the book describes the basic concepts of electrical measurement. the basic measurement method. the concept of measurement error. and the elimination of classification; resistance. inductance and capacitance measuring circuit parameters of these basic principles. measurement techniques and instruments commonly used in electrical measurement. working principle and the technical specifications; voltage and current. time. frequency and phase. power and energy measurement of electrical parameters such as the basic principles and common electrical measurement instrument works. The second part introduces the book with the first part of the matching experiments. including direct current single. double bridge experiment measuring resistance. insulation resistance. earth resistance measurement experiments. the use of alternating current bridge measuring inductance. capacitance test. power and Experimental measurement of electrical energy. frequency. phase measurement experiments. as well as the application of experimental and scope of application of various types of sensor experiments. This book can be used as electrical engineering and automation. automation. mechanical and electrical engineering. information engineering. control technology and equipment and other similar professional and professional students of teaching books. or as a specialty in electrical engineering and technical personnel reference books. Contents: 1 measure of basic knowledge of the concept of measuring 1.1 1.1.2 1.1.1 measurement measurements measurement process 1.1.3 1.1.4 1.2 that the measurement results of the measurement method 1.2.1 Classification of measurement results obtained by way of classification 1.2.2 measurement data read by way of classification units 1.3 units of measurement 1.3.1 1.3.3 1.3.2 System of Units International System of Units 1.3.4 1.3.5 China's legal unit of measurement unit of electrical measurement 1.4 1.4.1 Measuring the electrical measuring 1.4.2...
