Reviews

An extremely wonderful pdf with lucid and perfect explanations. I could possibly comprehend every little thing out of this created e.pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Janie Wilkinson)

FOR THE PLAYER, BY THE PLAYER

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | An Examination of Online Video Game Communities | Online communities are a new and unique form of human gathering. Unencumbered by distances, people from anywhere in the world can come together and share their shared interest. Rather than form out of convenience or necessity, these communities are based on passion. People who come together online to discuss their favorite video games are no different. They seek out other players so that they can learn more about the games they pursue and attain higher levels of skill or knowledge. Often times, these communities of players elevate the game to higher levels than the creators even intended, creating vast tournaments that draw in people from several miles. This book examines one such community of players, devoted to the game Super Smash Bros. Melee. It first looks at the history of video games and how they were historically used as a social medium, and then examines how the embracing of online play has increased the social capabilities of such games manifold. | Format: Paperback | Language/Sprache: english | 52 pp.
