

## World Bank Group support to public-private partnerships: lessons from experience in client countries, FY02-12 (Paperback)

Filesize: 2 MB

### **Reviews**

*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.*

## WORLD BANK GROUP SUPPORT TO PUBLIC-PRIVATE PARTNERSHIPS: LESSONS FROM EXPERIENCE IN CLIENT COUNTRIES, FY02-12 (PAPERBACK)

[DOWNLOAD](#)

World Bank Publications, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. Public-private partnerships (PPPs) are long-term contracts between a private party and a government agency that strive to provide a public asset or service in which the private party bears both some risk and some management responsibility. If implemented well, PPPs can help overcome inadequate infrastructure that constrains economic growth, particularly in developing countries. The use of PPPs has increased in the last two decades; they are now used in more than 134 developing countries, contributing about 15-20 percent of total infrastructure investment. The World Bank Group has expanded its support to PPPs through a wide range of instruments and services. During the last 10 years, its support has increased about threefold, to nearly \$3 billion per year. The Independent Evaluation Group (IEG) assesses how effective the World Bank Group has been in helping countries use PPPs. In the evaluation, IEG examines the relevance of Bank Group support, how successful projects were, how the Bank Group coordinated support among its business lines (support to the public sector versus the private sector), and how it compares with the experience of other multilateral development banks with PPP support. IEG distills lessons to apply to the Bank Group s support of PPPs. Finally, IEG presents six recommendations that apply to both the organizational and the operational aspects of this work.
