Skyhorse Publishing, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book. What s it worth to you to live another year? Writer, poet, foodie, and storyteller Lynn Hoffman considers that question in Radiation Days, a memoir of his experience fighting throat cancer. How many arrows will you put up with? How often are you willing to puke? What s a good day, no, what s a good enough day? Is there anything in your life that you care about so much that you ll let the archer shoot every day rather than take Death s hand? So far, there is something for me. There s my kid, there s poetry, and story-telling. There s the memory of teaching, eating, drinking, dancing, and being silly. There s the flight to Milan and the ferry to Staten Island. There s a love, there are friends. There s curiosity, vanity and even still, a bit of lust, a love of laughing. But I m pretty thin and the price of time gets higher with each tick. In a memoir filled with humor, wit, and practicality along with doses of hilarious crankiness, touching vulnerability, and poetic triumph, Hoffman creates an uplifting must-read for anyone who has ever battled something they were told was unbeatable.
