Alfred Music, 2016. Paperback. Condition: New. Language: English . Brand New Book. Jaco Pastorius is arguably the greatest bassist of the 20th century. With his melodic sense, delicate touch, and groundbreaking bass grooves that influenced generations of musicians, Jaco forged a landmark bass style that still resonates today. Modern Electric Bass is an intimate look into Jaco s signature style, a guide to the musical elements and characteristics that made Jaco such a unique and once-in-a-generation talent. The book features note-for-note transcriptions of the lessons from the companion video---where you are treated to Jaco performing several standout solos as well as a bass duet with legendary bassist Jerry Jemmott, who also serves as host. Also on the video is a 20-minute trio performance, featuring guitarist John Scofield and drummer Kenwood Dennard. As the only official instructional book or video released by Jaco himself, Modern Electric Bass is a treasured document of one of the true legends of music.
