THE VISUAL NON VISUALS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.There are seasons - those that the body feels. And then, there are seasons - those that the mind and heart feel. This book is a collection of those days and moments, of those seasons of the heart, that sometimes may not even be discernible to an outside observer (or the outside observer may not even be present at that moment) but are real nonetheless. And, as in every season, there may be hard moments, but also very beautiful ones. The colors of the seasons, the melody of the falling rain. many such little, joyous moments. It s not surprising that nature is present in a lot of these poems, contrasted often with the urban environment, with the greyness of the monotony that may be present in our modernized life. This is the author s first collection of poems, written during 2008. It is an illustrated collection, including several drawings/sketches by the author himself (since 2003). It is being published in parallel, both in English and Albanian. His poetry has a Christian flavor, but is not religious. That means that the poetry you ll read is gentle (and on the light side, as opposed to dark) but that does not necessarily mean there s no deep thought in it.
