Reviews

Merely no words and phrases to describe. I really could comprehend almost everything using this created e.pdf. Your daily life period will be change once you full reading this ebook.

(Mr. Ladarius Stoltenberg)

CHURCHILLS INDIAN SUMMER: THE CONSERVATIVE GOVERNMENT, 1951-1955

Faber Finds. Paperback. Condition: New. 692 pages. Dimensions: 9.3in. x 6.1in. x 1.4in. Winston Churchill was seventy-six when the Conservative Party won the 1951 General Election. At the third attempt since the end of the Second World War he had finally been returned to power by the will of the people. A lifetimes ambition had been achieved after nearly half a century in Parliament. In Anthony Seldons own words, the most controversial element in the book is likely to prove the reassessment of Churchills contribution as a peacetime premier. The title Churchills Indian Summer is not intended to be sensational, but it is meant to be combative. I do not suggest he was as fit or as brilliant as he had been during the war. He clearly was not. The characteristic of an Indian Summer is that the temperature is cooler than at the height of the season: indeed, a feature one would expect of a man a month off his seventy-sixth birthday on his return to Number Ten. Yet despite his failing powers, he was, I believe, right to remain in office, at least until his major stroke in the summer of 1953, and a good case can be made for his retention of power until the autumn of 1954. Only in his last six months in office was he not fully up to the task. The book though is not just about Churchill. In an approach more thematic than chronological Anthony Seldon also gives a detailed analysis of each major Government department, its ministers and especially the civil servants who in many cases not merely implemented policies but determined them too. On the whole, it was an emollient administration somewhat to the left of both the Conservative and Labour Parties of today. Nor was it unsuccessful be it on...
