Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Lost British Birds The species described as lost in this paper, are those which were summer residents and breeders, or inhabitants all the year round, of some part of Great Britain, but which no longer breed in this country and visit our shores only as rare stragglers, or, bi-annually, in their migrations to and from their breeding areas on the continent of Europe. In other words, if the British race be extinct the species is here regarded as lost, however abundant it may be elsewhere. Perhaps it would be safer to say if practically extinct; since I have included species of which one or two pairs are still known to breed within the kingdom. In the case of the ruff and reeve, for instance, Professor Newton is inclined to think that I have been a little premature. Taking the word lost in this restricted sense, I do not think that ornithologists will find that I am very much out in my list, which I have been assisted in making by two friends, both authorities in...

### Reviews

*An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It has been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.*

*-- Beverly Hoppe*

*Extremely helpful for all classes of individuals. Better than never, though I am quite late in starting to read this one. I realized this publication from my mother and dad suggested this ebook to discover.*

*-- Adela Schroeder II*
