Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. FULL DESCRIPTION OF BOOK: This book covers my notes and work when I had a eureka moment in early 2013 and realized it was possible to create a new Internet Super Highway and one that could be a free collaboration program. The creating of a new higher level of the World Wide Web is a major breakthrough as demand becomes forever greater surrounding more users and packet data. Every web site owner can embrace and adopt this new virtual world of development for a faster and more enjoyable connectivity experience from compression for their users and new customers. From careful research I was able to establish the average bounce rate of a business web site was over 40 and over 94 of all web sites are not optimized for their users or browser rendering engine technology software. So I decided to start flat packing things as folk would say, and by running optimization tools and tests, I found I could change the speed of any average web site, where it would perform at least 3 to 4 times faster by my methods, that I regard today in comparison to any other web sites being downloaded as super fast speed by stealth! BOOK BACK COVER DETAILS: The Internet and World Wide Web was created and invented from a physical world of computing. Today society operates in a Virtual World of Technology and born from that Creating The New Internet Super Highway. The arrival of a new era for greater advancement and beyond one dimensional thinking. Today there are over 94 million web sites and counting. It was only a matter of time by understanding the realms of Natural Law could be found...
