Mounted Warriors: From Alexander the Great and Cromwell to Stuart, Sheridan, and Custer (Hardback)

By Gene Smith

Turner Publishing Company, United States, 2009. Hardback. Condition: New. Language: English . Brand New Book. Men, Horses, and All Kinds of Weapons It may startle some people to remember that, little more than a century ago, the horse was not only humanity's primary means of swift transportation, it was also a major participant in warfare. For more than four thousand years, men mounted horses and galloped at one another in large numbers, wielding clubs, axes, lances, swords, bows and arrows, pistols, rifles, and more. They charged into swarms of arrows, hales of bullets, volcanoes of cannon fire, and legions of other men on horseback, chopping, stabbing, hurling spears, and firing guns. And their exploits became the stuff of romance, drama, and legend. Mounted Warriors brings you back through the millennia to discover the beginnings and the development of warfare on horseback and meet some of the most remarkable, daring, and courageous men who ever spurred a charger from trot to gallop. You'll find out how Alexander trained Bucephalus to the saddle when all others failed, how Cromwell was transformed by battle, what several British generals had to say about Light-Horse Harry Lee, and why Phil Sheridan changed his...

Reviews

This pdf is wonderful. It is definitely simplified but excitement from the 50 percent in the ebook. You won't sense monotony at any time of your time (that's what catalogues are for relating to should you request me).

-- Jaqueline Kerluke

I just started looking at this pdf. It can be really fascinating through studying period of time. It's been printed in an extremely basic way and is particularly only following I finished reading through this publication where in fact altered me, change the way I really believe.
