A wealth of practical advice for the options trader - particularly the online trader - from the beginner on up. I've used online order execution from for over a year, and the ability to seek the best price and the speed of fills is phenomenal. Spears is right about the online arena: It's a whole new way to trade options. Len Yates, President, OptionVue Systems International, Inc. Options are one of the most strategically versatile of all financial vehicles, as they provide the promise of potentially limitless profits, while requiring only a small initial cash outlay and - in most cases - precisely defined risks. Today's options trader has even more potential for profit by tapping into the online trading world. But - it can be risky business, if you don't know the ins and outs of trading options online. Now - veteran trader and options author Larry Spears provides a 7-point system for trading options online for maximum success. He breaks each key factor down into understandable concepts you can immediately put into action. You'll be far ahead of the trading pack when you exploit this 7-step program - which includes critical steps such as: Step #1: Mastering how the modern electronic options markets work Step #3: Choosing the proper underlying assets Step #4: Planning an appropriate exit strategy Step #7: Using the right online broker As Spears advises in the book, it's real money - so manage it right - and make it work for you - by embracing this powerful new roadmap to online options trading success.
