

Professor Bloomer s No-Nonsense Basic Reading Program: Student s Learning Book (Paperback)

By Dr Richard H Bloomer

Bloomer s Books LLC., 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This is the Student s Learning Book of the most perfect reading program ever written. It carefully blends the phonetic methods of the ancient Greeks and Phoenicians with most recent findings of modern neuroscience. It teaches children how to teach themselves to read. Research on this program shows us: 1. It teaches 100 of the beginning children to read. 2. It teaches Dyslexics to read. 3. There are no Learning Disabilities, b/d confusions, or reversals. 4. In Federally sponsored research it taught adolescent delinquents and Adult learners to read better than programs from the three major publishers. 5. It reduces referrals to Special Education by two thirds. 6. Children taught by Professor Bloomer s reading program excel in all school subjects, even science, and math. 7. It readily teaches bilingual children to read and speak English. 8. It easily teaches foreign language speakers to read and speak English. 9. It is eight to ten times more efficient than the common public school reading programs. You can...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
